

Why We Exist

At the Starfish Alliance, we recognize the devastating impact of human trafficking on individuals and communities - and we're committed to restoring lives through shared, strategic action!

- **OUR RESPONSE** - To address critical gaps in community education and survivor aftercare, offering a unique support network to prevent, protect and empower, while showing Christ's unconditional love and redemption.
- **OUR INSPIRATION** - Like the boy in the starfish folktale, we believe every life matters. We want to make a difference for those whom God entrusts to our care.
- **SURVIVOR SUPPORT** - Our innovative and connective career navigation programs will link survivors to empowering career support, trauma-informed care and essential resources —assisting them in charting their own path to healing and independence.
- **COMMUNITY EDUCATION** - Prevention begins with knowledge. Our training is being designed to equip communities to recognize trafficking, protect themselves and others, then respond safely and effectively when it's observed.

What is the Alliance

Starfish Alliance believes that combatting human trafficking and empowering survivors to flourish in life requires a holistic, collaborative approach.

Knowing the importance of this, we're working to build a strategically aligned coalition to harness and strengthen community prevention, support and guide survivor career paths, and expand access to aftercare—creating synergy to maximize impact in the fight against human trafficking through coordinated action.

Matching survivors to the right care is essential. Connecting communities to educational opportunities is critical. And with each step forward, we're shaping the compass—guiding the journey with insight and intention.

Join the Alliance

No single organization can meet the complex, long-term needs of survivors alone, which is why an alliance of partners is essential in supporting trafficking survivors.

As "Alliance Anchors", we can provide a comprehensive network of care, along with our hallmark focus of career development with professional supports, ensuring survivors gain independence, while rebuilding their lives with dignity, stability, and purpose.

Collaborating Together

Unique survivor support services is the foundation for effective care. Establishing warm, coordinated care fosters stability and trust—creating the necessary conditions for survivors to thrive.

- **Educate:** Deliver powerful public education and training to prevent exploitation before it happens.
- **Empower:** Connect survivors to a network of services, from community resources to therapy to career development and job training.
- **Inspire:** Help survivors thrive in all they do.

Our Mission

Educate and equip communities to fight human trafficking, leverage supportive alliances, and empower survivors to thrive in life.

Our Vision

We envision a transformed community equipped to recognize and respond to the very real presence of human trafficking and ensure survivors experience healing, financial independence, and restoration.

Specialty Resources

As we build Starfish Alliance, we're designing programs that thoughtfully guide each community we serve.

- **Career Navigation Program** - We are designing a Godly, survivor-centered Career Navigation Program to provide personalized pathways to independence so each survivor can flourish. While providing access to additional supportive assistance, we will guide survivors to essential career development resources, empowering them to pursue meaningful careers with guidance from trained job coaches and specialists.
- **Community Safeguard Training** - We're developing tailored workshops to help communities and partners recognize trafficking and respond safely. Additionally, future offerings will include trauma-informed training modules, specialized seminars for medical professionals, and law enforcement-focused education—each designed to equip participants with practical tools and collaborative insight.
